Other planning matters:

Telecommunications site upgrade Manor Farm, Weston on the Green:

The Council received a consultation letter from Cornerstone Infrastructure Services Ltd who wish to carry out an upgrade to their existing telecommunications site at Manor Farm.

James Henderson has spoken to Rosie Prime, the Acquisition partner at Cornerstone, and enquired about coverage of the mast and if anything simple could be done to improve things for the village. She will enquire with the engineers and reply to James if anything can be done.

The tower serves the providers Vodafone and O2 and it mainly covers the area of the A34 services (both sides). Maps showing the signal-strength in the village and surrounding area for four providers were evaluated.

It was considered that there is no reason to object to this proposal. The Council thanked James Hendeson for his research on this topic.

Cherwell District Council Planning Review

A Planning Review of CDC was held in 2025 as they had not passed the bar for decisions made at appeal.

In the period April 2022 - March 2024 CDC determined 115 major applications, 19 of these decisions were appealed and 12 were upheld by the planning inspectorate (with 2 remaining pending) including 3 that were non determination appeals. This means that 10.43% of major decisions were upheld at appeal against a government set maximum threshold of 10%.

The Council discussed the key recommendations provided by the review in order to better understand the process and improvements required:

1. Member and officer engagement prior to planning committee
2. Site visits procedures
3. Managing late information received for planning committee
4. Member engagement with appeals
5. Member engagement with planning enforcement
6. Review of planning committee officer reports
7. Review the existing member training programme
8. Re-introduce the developers forum
9. Review the Legal representation at the planning committee meetings

26.437.9 For Discussion: Update on Heyford Park and PFAS awareness group (TR)

TR has been undertaking research around the subject of PFAS 'Forever Chemicals' from the Heyford Park site. There is ongoing pressure on the local council and Environment Agency.

The second public meeting on the issue will be held on Friday 12th June 2026 at 7.30pm in Upper Heyford Village Hall.

A meeting of the PFAS awareness group in the village will potentially be held on 22nd June 2026, where the groups goals and the best course of action to take forward for the village will be discussed.

26.437.10 For Discussion: Update on Neighbourhood Plan review (DB)

Christina Cherry responded to DB and Susan Davies on Monday this week. There has not yet been sufficient time to fully evaluate the response, and further feedback will therefore be provided at the next Parish Council meeting. Should any urgent matters arise in the meantime, councillors will be updated sooner.

With regard to the Neighbourhood Plan, it was noted that recent legislation means that Neighbourhood Plans are no longer required to be fully compliant with the Local Plan.

Housing Provision: under the emerging Cherwell Local Plan, if approved, Weston on the Green would be classified as a lower-category village and would not be required to accommodate additional housing allocations. DB reiterated the long-standing view that the village should make a reasonable contribution towards meeting housing needs, particularly through the provision of smaller homes and starter homes for local people. However, it was noted that the last two housing applications submitted within the parish have not delivered this type of development.

26.437.11 For Information: Update on village works (JM)

Bench: the Council thanked Mick East for repairing and painting the bench from the D-Day garden; he did a fantastic job and thanks were also given to JM for moving the bench.

Dog bin: a location for the new dog bin near The Chequers has been confirmed and a photo of the spot will be sent to JM by MA.

Action: MA to send JM a photo of the location for the new dog bin.

Sink hole: Paul Beecroft will allow JM Access to put a plate over the sink hole, which has not been fixed.

Bore hole: JM is to have a company test the water (including for PFAS) on his land in relation to his borehole and Gallos Brook and will share the evidence with the Council.

26.437.12 For Information: Update from Traffic Calming Action Group (MA)

Bus shelters: the Council are waiting for permission from CDC in order to progress the project. MA needs to put bus shelters in situ on a map of B430 and send to the conservation team at CDC.

Action: MA to put bus shelters in situ on a map of B430 and send to CDC for review.

To confirm the new signage works invoice from OCC has been paid and the works can now be booked in by OCC.

There is however have an issue with the reporting laptop, which has stopped working. MA agreed to take a look and if that fails an old laptop has been offered which may meet the requirement.

Action: MA to investigate issue with the Speedwatch laptop and see if its repairable.

26.437.13 To Receive and Discuss: Internal Audit Report 2025-2026 review and Parish Council comments (TR)

The processes of financial and governance scrutiny were summarised and the Annual Internal Audit Report discussed. The report analyses and evaluates the processes and internal controls of the Parish Council against a list of sixteen set objectives. It was noted that the Council met all but one of the required objectives in financial year 2025-26 (three were not applicable to the Council).

The report from the internal auditor highlighted that the Parish Council website does not meet requirements to be Web Content Accessibility Guidelines 2.2 AA compliant as set out in objective O.

‘This Authority has complied with laws, regulations and proper practices relating to digital and data compliance’.

Weston on the Green Parish Council implemented a new website with a new provider on 29th April 2026, which meets the compliance requirements. However, this was outside of the audit year to 31st March 2026 and therefore the Council was not compliant with Assertion 10 in the audit timeframe.

Further recommendations and guidance were provided in the report which the Council discussed and will process over the coming year. The reporting of payments made by the Parish Council will be further discussed by the Finance Advisory Group and any changes required implemented. VAT claims are to be made quarterly when the total sum to be claimed is considered to be of a significant amount, otherwise it shall be claimed twice a year.

The Parish Council have provided comments against each item mentioned in the internal auditors report and will provide an update on progress on the recommendations later in the year.

The Parish Council's combined precept and other income for 2025/26 exceeded £25,000 but did not exceed £6.5million and therefore Form 3 of the Annual Governance and Accountability Return 2025/26 has been completed at the end of the financial year and was discussed by the Council.

Following the review of the internal auditors report each statement on the Annual Governance Statement 2025-26 (Section 1) was discussed by the Councillors. It was agreed that all statements had been met except for item 10 *‘We have put in place arrangements for the effective IT and data management in accordance with proper practices during the year under review’* where the ‘No’ column would be ticked. Whilst a new compliant website and Councillor email system was launched on 29th April 2026, the annual governance statement reflects the position at the end of March 2026.

A cover note is to be provided to the external auditor to provide an explanation for the ‘No’ response in Section 1 and to describe how the Parish Council will address the weaknesses identified. This note will be published with the Annual Governance Statement.
